

PRESS RELEASE

NASDAQ OTCBB: SFMI.PK

SILVER FALCON MINING, INC. (SFMI) GOLD HITS HISTORIC HIGH; AHEAD OF SCHEDULE AT ITS DIAMOND CREEK MILL GOLD PROCESSING FACILITY

Murphy, ID- (MARKET WIRE) – 10/26/09 -- Silver Falcon Mining, Inc. (OTC:SFMI.PK) – announces that it is now a half-week ahead of schedule on the construction and opening of its Diamond Creek Mill precious metal processing facility. [The mill circuit equipment and the ore stored at our former site in Melba, Idaho](#) is already packed and ready to be shipped to the Diamond Creek Mill. The transportation of more ore from War Eagle's numerous tailing piles to the mill facility will commence within a week's time.

On War Eagle Mountain, itself, work has been completed to secure and prepare the Sinker Tunnel for the 2009-2010 winter work schedule; designed to give SFMI an assessment of the state of the whole length of the tunnel and an evaluation of the vein structures and their assayed values. Our surveyors and geologists will be spending these winter months doing this exploration and assessments.

Management has filed a total of 10 additional claims on War Eagle Mountain to either consolidate and/or expand its property holdings which will allow direct access from the Oso and London [claims to property claims higher up on the mountain](#).

Mr. Pierre Quilliam, President, Silver Falcon Mining, Inc. said, "We are extremely happy by the continued support we are receiving by the people of Idaho, from our local team, and from the cooperation of the manufacturer of the mill building. We are excited in starting the precious metal mill operations, at our Diamond Creek Mill. And if things continue to transpire at the current construction pace, ore processing should commence sooner than forecasted."

Silver Falcon Mining, Inc., is an exploration and development Company specializing in high-grade Gold and Silver mining properties in North America. www.silverfalconmining.com
