NASDAQ OTCBB: SFMI.PK

SILVER FALCON MINING, INC. (SFMI) MOVES FORWARD WITH MILL SITE CONSTRUCTION; LIVE WEBCAM OPERATIONAL.

Murphy, ID- (MARKET WIRE) – 12/08/09 -- Silver Falcon Mining, Inc. (OTC:SFMI.PK) announces that its precious metals Diamond Creek Mill facility continues to progress at a rapid pace. The Company's contractors staged and subsequently poured concrete footings the week of December 1, 2009; the construction schedule moves forward of the building's walls, floors and roof.

The Company placed on-line a live webcam which can be viewed, http://www.silverfalconmining.com/VideoStill/Diamond_Creek.html during operational hours Monday thru Friday from 8am-5pm Mountain Time. This camera link can help management and shareholders alike maintain a visible account of the on-going activities, now and in the future, at SFMI's 100% owned Diamond Creek Mill Facility.

Pierre Quilliam, CEO, states, "This has been an active couple of weeks for the Company. The Company completed the real-estate closing of its 100% owned property which includes the mill and office buildings. SFMI now moves aggressively forward with the completion of its mill facility. As the construction schedule advances, [the mill circuit will be installed](#) and then turned-on to commence ore production. Additionally, I would personally like to thank the overwhelming cooperation SFMI has received from the Owyhee County Building Inspector's Office. The inspector personally delivered, on-site, two permits, the mill building and office building permits."
